BNP Paribas Asset Management' update for journalists Issue #295 – 21 March 2018

CITIES AT RISK OF SEVERE WATER SHORTAGES

World Water Day on 22 March 2018, provides yet another timely reminder that water is humanity's most precious resource and the need to focus efforts on ensuring access to clean water for the world's growing population.

In the following article **Alexandre Jeanblanc**, Investment Specialist for ESG Strategies (Environmental, Social and Corporate governance) at BNP Paribas Asset Management, provides insight on the **growing difficulties in the provision of high-quality water** and the **exceptional growth opportunities for those companies that can offer solutions**.

BNP PARIBAS ASSET MANAGEMENT France, "the investment management company," is a simplified joint stock company with its registered office at 1 boulevard Haussmann 75009 Paris, France, RCS Paris 319 378 832, registered with the "Autorité des marchés financiers" under number GP 96002.

This material is issued and has been prepared by the investment management company.

This material is produced for information purposes only and does not constitute:

1. an offer to buy nor a solicitation to sell, nor shall it form the basis of or be relied upon in connection with any contract or commitment whatsoever or
2. investment advice.

Opinions included in this material constitute the judgement of the investment management company at the time specified and may

be subject to change without notice. The investment management company is not obliged to update or alter the information or opinions contained within this material. Investors should consult their own legal and tax advisors in respect of legal, accounting, domicile and tax advice prior to investing in the financial instrument(s) in order to make an independent determination of the suitability and consequences of an investment therein, if permitted. Please note that different types of investments, if contained within this material, involve varying degrees of risk and there can be no assurance that any specific investment may either be suitable, appropriate or profitable for an investor's investment portfolio.

Given the economic and market risks, there can be no assurance that the financial instrument(s) will achieve its/their investment objectives. Returns may be affected by, amongst other things, investment strategies or objectives of the financial instrument(s) and material market and economic conditions, including interest rates, market terms and general market conditions. The different strategies applied to the financial instruments may have a significant effect on the results portrayed in this material.
